

RLH Industries, Inc.

## PRODUCT INFORMATION

The leader in  
fiber optic  
telecommunications  
technology.

### RLH Mini Interface Enclosure

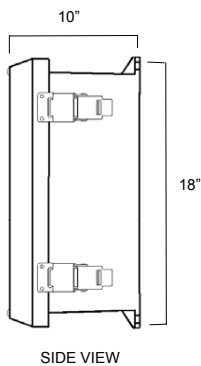

The RLH Mini Interface Enclosure provides a weatherproof housing for Fiber Optic Link Cards. The enclosure can be easily wall, pole, or frame mounted.

The Mini Interface Enclosure consists of:

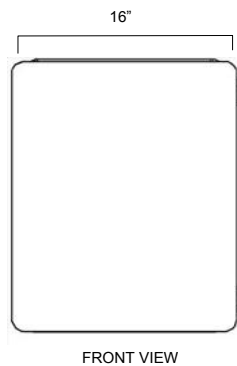

- ▶ Vented fiberglass cabinet measuring 18" x 16" x 10"
  - ▶ Equipped with a hinged door with a pad lock latch
  - ▶ Fiberglass is easily punched, drilled, filled or sawed
- ▶ Painted internal 3/4" plywood backplane.
- ▶ Fiber Optic Link 2, 5, or 8 Card Insert
- ▶ Pre-wired copper terminal (66 or binding post)
- ▶ Aluminum mounting bracket

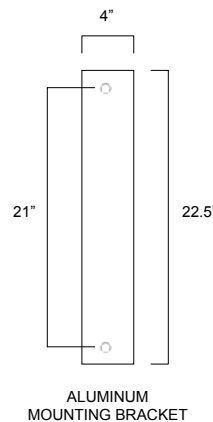

Part Number	Description
8806-1400-01	2 Card Enclosure
8806-1402-01	Empty Enclosure
8806-1403-01	5 Card Enclosure
8806-1404-01	8 Card Enclosure
