

RLH Industries, Inc.
Small Fiberglass Cabinets

Description

The RLH small fiberglass cabinets provide an indoor or outdoor rated all-dielectric housing Fiber Optic Link and Telco equipment located inside high voltage environments. Constructed of fiberglass-reinforced material the cabinet has excellent temperature and chemical resistance. The cabinet features 3/4" plywood backboard, venting, hasp for padlocking.

Construction:

- Fiberglass-reinforced material
- Foam gasket that assures watertight and dust seal
- Hasp for padlocking is stainless steel
- 3/4" painted and treated plywood backboard
- NEMA 4X ventilators installed

Part Number	Description
8806-1402-01	H18"xW16"xD10" fiberglass cabinet
RLH-242010-F	H24"xW20"xD10" fiberglass cabinet
8806-1280-01	H24"xW24"xD10" fiberglass cabinet
RLH-302410-F	H30"xW24"xD10" fiberglass cabinet

Standard Options:

- Pole mount bracket (PMK)
 - Exhaust fan with thermostat (EF)
 - Heater with thermostat (HWT)
 - Aluminum or Steel back panels
- Add Identifier to the end of the cabinet part number*
