

Wall Mount Fiber Patch Enclosure

The Wall Mount Fiber Patch Enclosures are designed for fiber optic patching applications in a NEMA rated unit. Storage for fiber splice trays is also provided. This sturdy powder coated aluminum (standard color ivory) enclosure accepts (4 or 12) adapter plates and is available in preloaded configurations. A Lockable inner compartment door provides added network security. Self sealing rubber grommets accommodate multiple cable entrances and exits. Cable management hardware is included. Fiber cable assemblies or pigtails can be custom ordered pre-terminated in to the enclosure for ease of installation.

24-Port Size: 14.0”H x 14.0”W x 7.0”D

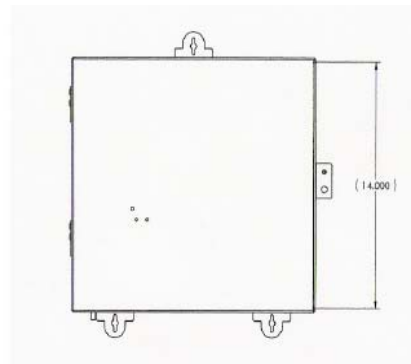

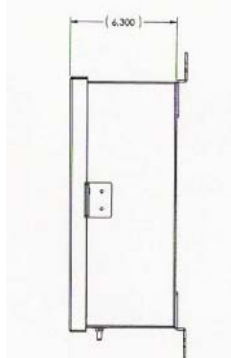

72-Port Size: 22.5”H x 19.5”W x 10.5”D

Ordering Part Numbers:

Part Number	Description
RLH-24WNXX-01	Unloaded 24-Port NEMA Patch Enclosure (Holds 4 Plates)
RLH-24WNST-01	24-Port ST NEMA Patch Enclosure
RLH-24WNSC-01	24-Port SC NEMA Patch Enclosure
RLH-72WNXX-01	Unloaded 72-Port NEMA Patch Enclosure (Holds 12 Plates)
RLH-72WNST-01	72-Port ST NEMA Patch Enclosure
RLH-72WNSC-01	72-Port SC NEMA Patch Enclosure
