# 19" Rack Mount DIN Rail Bracket

T35 DIN RAIL ADAPTER FOR INDUSTRIAL EQUIPMENT

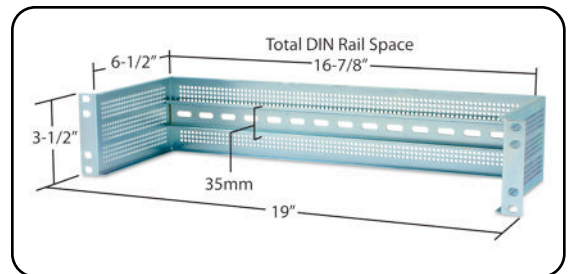

## Description

The RLH 19 inch Rack Mount DIN Rail Bracket provides a sturdy and secure way to attach a T35 (35mm) DIN rail to a standard EIA 19 inch equipment rack. The bracket uses 2 rack spaces (2RU), and the welded DIN rail is recessed so that attached DIN devices don't protrude too far out from the front of the rack.

Vented, welded steel construction provides strength to accept a variety of industrial DIN mount equipment. Rack mount hardware is included.

RLH 19" Rack Mount DIN Rail Bracket

Dimensions

### Standard Features
