Wall Mount Mini Fiber Distribution Units

INDOOR 6 PORT DISTRIBUTION HOUSING

Introduction

RLH Mini 6 Port Wall Mount Fiber Distribution Units are designed for fiber optic patching and splicing applications where a compact wall mount housing is desired.

These sturdy gray thermoplastic enclosures are available accept a single RLH fiber adapter plate. The housings are preloaded, with connectors pre-installed. A screw down hex nut and pad lock hasp the door provide added network security.

Each housing includes fiber connectors, cable tie-downs, a fiber management spool, built-in mounting lugs and strain reliefs for securing fiber cable.

Self-sealing rubber grommets on the bottom of the housing accommodate multiple cable entrances and exits. All mounting hardware is included. Fiber cable assemblies or pigtails can be custom ordered pre-terminated in to the enclosure for ease of installation.

The RLH Mini 6 Port patch panel is covered by our **Exclusive Unconditional Lifetime Warranty.**
