Optimum 2RU Fiber Patch Panel

Angled Adapter Plates, Cable Strain Relief Kits, & Unparalleled Access for Splicing

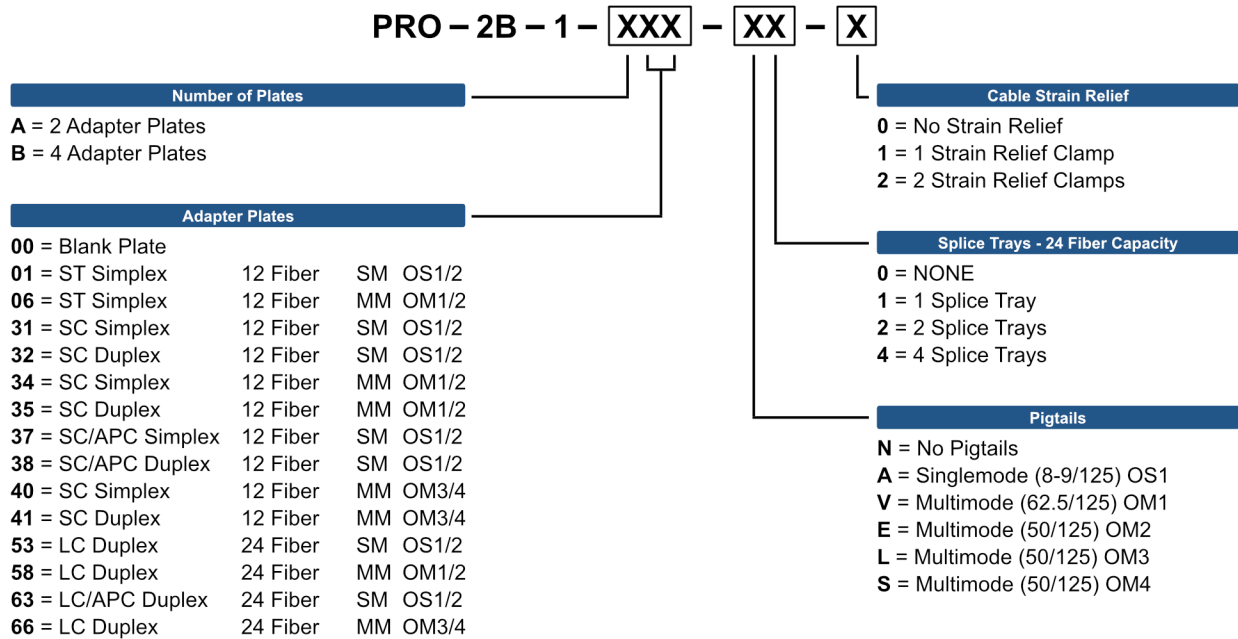

The user friendly design of the Optimum makes it a superior solution for fiber patching and/or splicing optical fiber in a 19/23" rack. It holds up to 4 fiber adapter plates (up to 96-fibers), 4 splice trays, and is ideal for installation in a wide variety of environments including substations, equipment rooms, central offices, and outdoor enclosures.

Key Features

- Holds 4 adapter plates, up to 96 fiber capacity
- EIA 19" or 23" rack front or mid/center mounting
- Installer friendly built-in cable management & splice tray storage
- Convenient fiber identification system
- Angled adapter plates for optimal fiber routing
