Dual Access Lock Assembly

Use Two Padlocks on a Secured Cabinet

The Dual-Access Lock Assembly provides a means of using two padlocks on a secured cabinet. Either pad lock can be removed enabling access. Locks plates are manufactured from 10 gauge steel with heavy duty steel center pin. Padlock holes are .38-inch (10mm) in diameter. Padlock is not included.

Key Features

- Compatible with all RLH Enclosures
- Provides Telco/Subscriber secured access
- 10 gauge steel construction
