Fiber Adapter Panel

Compact Rack Mount Fiber Adapter Panel Supports up to 96 Fibers

The Rack Mount Fiber Adapter Panel is a compact, cost effective way to breakout high strand count terminated fiber cable in a 19" rack.

It's made of durable black powder coated steel. The panel holds up to 24 fiber adapters. The two adapter types readily available are SC and LC. The SC panel uses 24 SC Duplex adapters which in turn supports up to 48 Fiber strands. The LC panel uses 24 Quad LC adapters, which support up to 96 fiber cable strands.

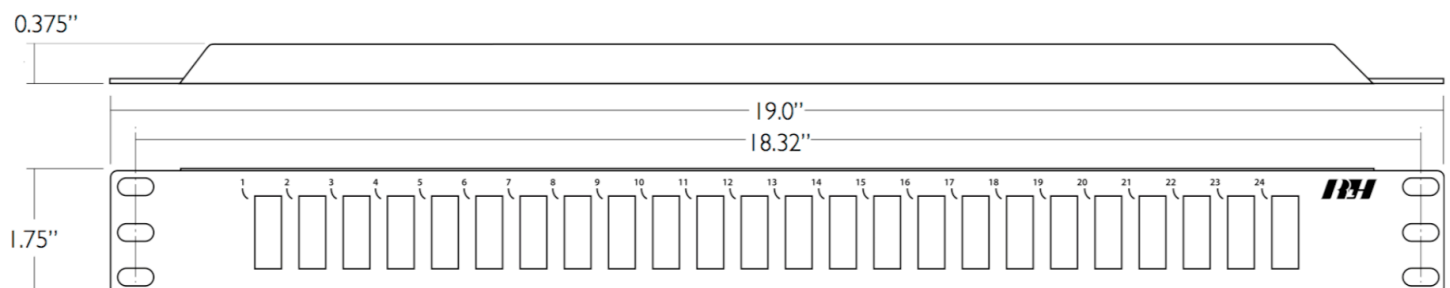

This compact high fiber count adapter panel is a useful tool where rack space is at a premium and splicing in the rack is not required.

Key Features

- ◆ EIA standard 19" rack mount compatible
- ◆ Consumes only 1RU of rack space
- ◆ Available with SC or LC Quad Connectors
- ◆ Durable, powder coated, steel construction
- ◆ Made in USA
