MAG-3 Fiber Adapter Plate Holder

Accepts LGX Style Adapter Plates and Cassettes

The MAG-3 rack mount fiber adapter plate holder is a 1RU panel designed to hold 3 LGX style adapter plates or cassettes, and features a sturdy strain relief guide to support and organize fiber. The strain relief takes pressure off the fiber connectors on the back of the adapter plates or fiber cassettes, minimizing tight bends and leading to a more stable connection.

This holder is sized to be compatible with all RLH LGX style adapter plates and MTP fiber cassettes, which may be mixed and matched as needed in the bracket.

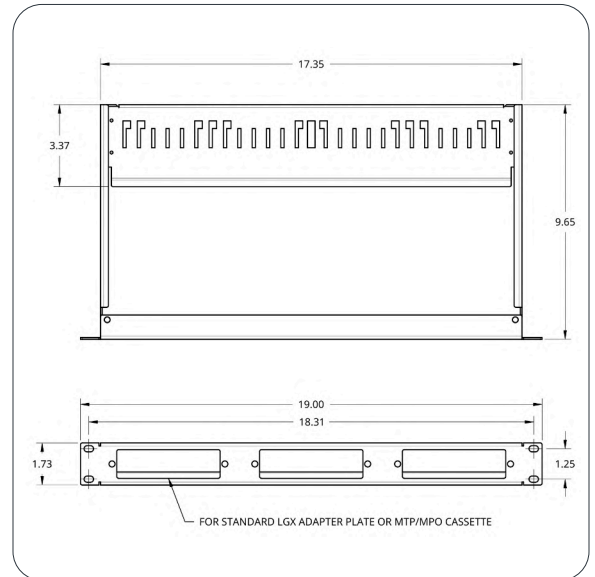

RLH adapter plates, MTP cassettes and fiber cable assemblies are ordered separately.

Key Features

- Compatible with 19" EIA equipment racks
- Small foot print, occupies 1RU of rack space
- Durable steel construction
- Holds 3 LGX Form factor adapter plates or cassettes
- Rear strain relief with multiple slots for securing fiber cable
- Includes rack mounting hardware
