Scorpion 4 Plate Fiber Patch Panel

Wall Mount, Small Footprint, Splicing and Patching up to 96 Fibers

The RLH Scorpion 4 Plate Fiber Patch Panel is designed for fiber optic patching and splicing applications where wall or back board space is at a premium. It is designed to fit into small enclosures, the small footprint and door design allow the patch panel to be opened & closed without taking up additional backboard room for clearance.

The fiber patch panel has a large wrap around door for easy access, which is secured with flip latches. A built-in padlock hasp provides additional security if desired. It comes standard with fiber management spools, distribution chart, cable mounting tiedowns, and Velcro® straps for securing fiber cable. Self-sealing removable 1-1/4" grommets on the top and bottom of the enclosure, together with fiber strength member clamps, allow for safe entrance and exit of fiber optic cable. Wall mounting hardware is also included.

Adapter plates may be ordered separately or preinstalled and are available with ST, SC, FC, LC, MTRJ, UPC and APC style adapters. When ordered using our configuration matrix, the Adapter Plates are preinstalled, and the Splice on Fiber Pigtails are bundled with the patch panel for convenience.

Scorpion 4 Plate Fiber Patch Panel

Key Features

- Holds 4 LGX® adapter plates, blank adapter plates included
- Small Footprint, Fully encloses distribution fiber
- Self-sealing removable grommets (up to 1-1/4") on the top and bottom
- Hinged door with flip latches
- Includes 2 strength member clamps for securing entry cable
- Adapter plates may be removed with fibers attached
- Includes Velcro for easy and flexible fiber management
- Durable powder coated steel construction
- Multiple built in anchor points to secure fiber cable inside
- Splice trays and sleeves ordered seperately
- Holds ST, SC, FC, LC, MTRJ, UPC, APC style adapters
- Wall mounting hardware , cable ties, & distribution chart included
- Made in USA

Mounting Holes

Fiber Tie Down Points

Hinged Door

Removable Grommets

Ground Screw

0.32"

Access Latch

0.7"

3.0"

11.75"

11.85"

Installation

Choose a suitable location, with room for the door to open fully for easy access to the interior. Pre-position the patch panel to plan out cable routings and check for any potential problems with the location. The patch panel may be mounted in any orientation making it a flexible solution in the field.

Before Installing

Fiber management spools are preinstalled for accommodating fiber cable when used as a patching solution, optional splice trays are sold separately for splicing configurations. To use the optional splice trays, remove the fiber management spools by loosening the attaching hardware before mounting. Once the spools are removed, the patch panel may be wall mounted. Then to secure the splice trays in position use the (2) Velcro straps included in the accessory kit.

Wall Mounting

Once the position is determined, mark out the mounting points and use the included 3/4" screws to mount the patch panel. For all other mounting applications, use appropriate mounting hardware as required.

USER GUIDE

Ordering Information

Use the following part number when ordering the patch panel without fiber adapter plates or pigtails.

Description	Capacity	Dimensions	Part Number
4 Plate Wall Mount Patch Panel	4 Fiber Adapter Plates	11.8" (W) x 3.7" (D) x 11.75" (H)	SCORP4-1

- Fiber adapter plates and/or pigtails can be ordered separately; plates can be preinstalled, while pigtails will be bundled

Ordering with Fiber Adapter Plates, Pigtails, and Splice Trays

Use the ordering code below to order the patch panel with any combination of a preinstalled adapter plates, bundled fiber pigtails, and preinstalled splice trays. Refer to the Fiber Adapter Plate Chart and the Fiber Pigtail Chart on the following pages.

Example #1:	S4 - 32 - 32 - 32 - 32 - 41 - 41 - 41 - 41 - 4 - 1	
	Slot 1 (32):	AP-SC6-LDSM-G
	Slot 2 (32):	AP-SC6-LDSM-G
	Slot 3 (32):	AP-SC6-LDSM-G
	Slot 4 (32):	AP-SC6-LDSM-G
	Slot 1 (41):	RLH-12SMSC-03M
	Slot 2 (41):	RLH-12SMSC-03M
	Slot 3 (41):	RLH-12SMSC-03M
	Slot 4 (41):	RLH-12SMSC-03M
	Splice Trays (4):	RLH-FST-04

Fiber Adapter Plates
Use the code from the Adapter Plate Chart* to populate slots with adapter plates preinstalled

Splice Trays
Enter the quantity of 12-fiber splice trays required (0 to 4) – *PN: RLH-FST-04*

Fiber Pigtails
Use the code from the Fiber Pigtail Chart* to have them bundled together with the patch panel

*Please refer to the **Fiber Adapter Plate Chart** and the **Fiber Pigtail Chart** on the following pages.
