Semi-Buried Pedestal (Type-02)

Small Footprint, Semi-Buried Pedestal

The RLH Type-02 pedestal is a small footprint, Semi-Buried Pedestal. It includes a plywood backboard, lockable covers with hex head self-locking system, and a padlock hasp. The pedestal base is approximately W14" x D16" and stands approximately 36" tall when installed. No mounting stakes or platforms are required. Pedestals are constructed of all-dielectric plastic.

RLH Pedestal Telco Units may now be customized for your particular application through our factory modification program.

Key Features

- All-dielectric construction
- Semi-buried base, no mounting stakes required
- Fire treated and painted ¾" plywood backboard
- Self-locking cover with hex head release
- Padlock locking hasp
- Frame-mounted ground bar
- Oversize interlocking base for solid foundation
- Heat dissipation vents for sensitive equipment
- Slim, unobtrusive design has minimum visual impact
- Removable cover permits 360° access to equipment
- Available with terminal options
- Made in USA
